The Dover News cites some rather remarkable coincidences in connection with the death of Postmaster William Pepper of Germantown. He was born July 15, 1858, and died July 15, 1901, the sixty-third anniversary of his birth. His term as Postmaster expired on the day of his death, and he had been Postmaster 15 years.

No. 16 on the C. and O. yesterday had a car load of children from the poor homes in Cincinnati, for which The Post had found homes in the country for a couple of weeks' frolic. Among the Mason companions who had offered to take the little ones were Mr. Charles Kirk of Dover, two, Mrs. Gussie O. Lloyd of Germantown, two, and also D. W. Reese of Farsalee, one.

Mr. George Morgan Stricklett was thoughtful enough to consider the children yesterday and in company with Miss Berry gave Miss Roberts Cox a song recital, much to her delight and to the pleasure of the few who were fortunate enough to hear him. His is a wonderfully fine voice and when one considers how high a value his talent commands it was not only a gracious act but a Christian spirit which after all rewards the great secret of Mr. Stricklett's God-given talent.

Miss Mollie Outten, Maysville's talented artist, has added another fine piece of work to her already long list. She has just completed a painting of Washakie, the neglected, Chief of the Shoshone Indians, and has presented it to Wyandotte Tribe No. 3, I. O. R. M., of this city.

MRS. K. KNOVESHAW.

Death Near Stonelick Last Night of This Exemplary Woman.

Mrs. Katherine Knoveshaw died last night at her home near Stonelick of paralysis.

At 9 o'clock yesterday morning she was attended to by her husband, an excellent health and spirit, and sat down to pass some apples. Without a moment's warning the fatal stroke prostrated her, and she continued in an unconscious state until 11 o'clock last night when she died.

She was the widow of John Knoveshaw, a sturdy farmer and a thrifty citizen who passed away a short time ago.

To them came eight children—three sons and five daughters, of whom Henry is a citizen of Maysville.

Mrs. Knoveshaw was 61 years old and once before had suffered a stroke of paralysis from which she quickly recovered.

The funeral will occur from the home tomorrow afternoon at 2:30 o'clock with burial in old Stonelick Cemetery.

THE RAILROAD VICTIMS.

One Dying, the Other Recovering—Suit Threatened.

Charles Duncley, one of the three boys who met with such a horrible accident near the C. and O. Depot last week, by being crushed under a train of cars, was reported yesterday morning to be rapidly sinking.

Parents and other members of the family were summoned to Speers Hospital, where the little fellow's sufferings were drawing to a close.

Elmer McCabe, the other lad, whose limb was amputated near the knee, is said by the sisters at St. Elizabeth's Hospital to be improving.

Yesterday's Times-Star says the father of Willis Strauberg, whose death resulted soon after the accident, will, it is stated, bring an action against the railroad company for allowing his boy to ride on the train.

As Strauberg was not riding on the train, but was sleeping on the track, when he was killed, why can't the Railway Company make a counter-claim, charging him for lodging?

DRINK PURE WATER AND ENJOY GOOD HEALTH

The long-continued drouth throughout the county has made the question of stock water a serious problem. Many farmers are compelled to haul water for miles, and some of those in the interior who are not fortunate enough to possess good springs or wells come all the way to the Ohio to get enough of the precious fluid to keep their stock alive. What must be the condition of the wells and cisterns in a section where there has practically been no rain all summer? Can that water remain pure, unadulterated or fit for household purposes? These are questions that require no answers.

DRINK PURE WATER AND ENJOY GOOD HEALTH.

To have pure water equip your well or cistern with a Bucket Pump and Water Purifier. We sell them. It is the best Pump on earth for wells or cisterns. It has no superior for durability or price for wells up to sixty feet. A ten-year-old boy can draw water with ease from a sixty foot well. It will not freeze, as the cups discharge themselves, having stood the test of 38 degrees below zero. It saves its cost in doctor's bills alone in six months.

DRINK PURE WATER AND ENJOY GOOD HEALTH.

For every gallon of water drawn, a gallon of air is circulated through the water, thus ventilating, vitalizing and purifying the water, destroying all germs of disease and removing all impurities from the foulest well or cistern in a few days ordinary use. We also offer and recommend the I. X. L. Patent Galvanized Steel Chain Pump Curb and Galvanized Steel Tubing.

SOME

Corset Truths!

When you buy a Corset isn't it a joy to find the kind that fits—just snugly enough, just comfortably enough? Corsets that fit from the day you put them on until the day you come back for another pair. All this is embodied in our P. N. Corset. We never offered a corset which has met with such a cordial reception. Sales climbing every day. Customers are the best advertisers. A woman buys a P. N. and tells a friend of its comfort and general satisfaction. She in turn buys one and tells a third and so it goes. There's solid merit in a P. N. There's economy and comfort. In a word there is more in a P. N. than women will appreciate than in any corset made.

Fine Couture or batiste cut on a careful bias to give the Corset straight front, rust proof boning, cork stay protectors—these are a few of the merits.

RIVER NEWS.

The Indiana is due up tonight for Pomeroy.

The Boonanza will be down tonight for Cincinnati.

The continued falling in the river is making it difficult for the sidewheeler to navigate.

Captain E. A. Burnside, commander of the E. R. Andrews and Assistant Superintendent of the Kanawha and Ohio Coal Company, is at Parkersburg superintending the construction of the new tow boat, being built for that company. The work of planking her hull is under way.

Joe Beiler, second engineer of the tow boat Joseph B. Williams, was fatally injured by the bursting of a cylinder on the boat a few miles south of Oecola. The injuries were from steam. The Williams had in tow 34 empty barges, which, after the accident, were tied up. The boat had made a landing, and when an attempt was made to start one of the cylinders burst.

The low-water season for towboats is on, especially in the upper Ohio River. The E. R. Andrews and the E. R. Andrews and Val P. Collins are at Pt. Pleasant; Raymond Hornor, Defender and Boaz between Middleport and Wheeling, and the John A. Woods at Marietta. The Uncle Sam is on the Leavanna ways. She will be let off within a week. In the Cincinnati vicinity numerous boats are tied up. Among them are the Frigate, B. Finley, Alice Brown, Charles Brown, Douglas Hall and Henry Debus. The W. W. O'Neill is receiving repairs at Louisville.

QUESTION ANSWERED.

Yes, August Flower will have the largest sale of any medicine in the civilized world. Our mothers and grandmothers never thought of using anything else for Indigestion or Bileousness. Doctors were scarce, and they seldom heard of Appetizer, Nervous Prostration or Heart Failure, and they used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and had with headaches and other aches. You only need a few doses of Green's August Flower in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's P. M. August Flower. For sale by J. Jas. Wood & Co., Druggists, Cincinnati, O.

THE SWIFTLY REVEALER.

FOR A BABY OF THIS SIZE
Or a baby of any size, when suffering from simple fevers, coated tongue, constipation, or any trouble arising from the stomach, the purest, safest and best remedy is **LAXAKOLA**, the great tonic laxative.

A few drops can be given with safety to very young babies, and it will often relieve colic by expelling the wind and gas that cause it. It will aid digestion, relieve restlessness, assist nature and induce sleep.

For constipation, simple fevers, coated tongue, or any infantile troubles arising from a disordered condition of the stomach it is invaluable. Great relief is experienced when administered to young children suffering from diarrhoea, accompanied with white or green feculent stools. LAXAKOLA neutralizes the acidity of the bowels and carries out the cause of the fermentation.

It does not grip nor irritate. It is a pure, gentle, speedy and painless liquid laxative. It is not only a sure laxative, but it contains valuable tonic qualities which act upon the bowels, upon the entire system and purify the blood.

A few drops can be given with safety to very young babies, and it will often relieve colic by expelling the wind and gas that cause it. It will aid digestion, relieve restlessness, assist nature and induce sleep.

Mother, watch your children carefully. Their health, perhaps their lives, depend on keeping their bowels regular. Many parents make a fatal mistake by giving their little children the oil-filled, violent purgatives which are racking and grating, and are therefore not only unpleasant, but dangerous. Make no mistake, give them

LAXAKOLA FOR THE COMPLEXION

Bleached, sallow, unbecoming and muddy skin, with its consequent irritation, often leading to morbid eruptions and even to cancerous growths, shows that your blood is bad. The only way to cure this complaint, and restore it to its normal, healthy condition is to cleanse the entire system, purify the blood and remove the cause, and LAXAKOLA does so, as well as a clear directly on the bowels, assisting the peristaltic action in throwing off impurities. It purifies the blood as no other medicine can, and we assure you that it will not only be well but will be well. At druggists, grocers and general stores. For free sample, send for LAXAKOLA, Co., 100 Madison Street, New York, or 325 Dearborn Street, Chicago.

"CRAZY LUKE."

Was Choking His Employer to Death When Pulled From His Prostrate Form.

Nicholasville, Ky., July 25.—The timely arrival of assistance Thursday saved the life of J. W. Carroll, a well-known sheep trader. He had employed a half-breed Negro known by the name of "Crazy Luke," to assist in driving a herd of sheep to the city. The Negro opened a gate, but instead of stopping aside when ordered, he stood his ground. Carroll came up and struck him with a whip, when the Negro grabbed him by the throat, retaining his grip until knocked from the prostrate form by Mr. Alex Letcher. When picked up, Mr. Carroll was blue in the face, and is now in a precarious condition. Up to this time it was not thought the Negro dangerously crazy.

WILL BE SHORT CROPS.

The Corn and Tobacco Harvesting Up and the Pasturage Will Not Sustain the Stock.

Louisville, Ky., July 26.—Commissioner of Agriculture I. B. Hall stated Thursday that his report issued July 24th showed that short crops of corn and tobacco in Kentucky, but that the intensity of the drought since has added greatly to the unfavorable conditions of both crops. Corn in the southern part of the state has been practically burnt up. Tobacco has been greatly injured, but with rain would make half a crop. The drought prevails in from two-thirds to three-fourths of the state. Pastures have been parched and will not sustain stock in half of the crops. Corn in where not weedy, has been saved in good order.

WANTED TO DIE.

James Jones, a Farm Hand, Near Nicholasville, Refused to Take Food For Over a Week.

Nicholasville, Ky., July 26.—James Jones, a farm hand, was brought to court Thursday by his employer, who said that Jones had positively refused to take nourishment of any description, refusing to admit even water to his stomach, saying he wanted to die on the farm, and intended to do so by starvation. He was sent to the Lexington hospital, where he will be compelled to eat. The heat has undoubtedly affected Jones' mind.

Certificate Restored.

Frankfort, Ky., July 26.—Superintendent of Public Instruction H. V. McGheeny handed down a decision Thursday reversing the decision of the county school superintendent which deprived Miss Sadie Stauffer of her certificate to teach school, she having been charged with attempting to bribe a school trustee of Knox county. Miss Stauffer can now resume her school.

Oil Land Leases.

Scottsville, Ky., July 26.—There were filed in the county clerk's office oil leases of over 7,000 acres of land. Forty-five leases were filed by Capt. Lucas' representative, Mr. Marshall, and for 4,500 acres of land. This is exclusive of the leases secured by Capt. Lucas from Mayfield not yet filed, amounting to nearly 2,000 acres.

May Be Held at Paris.

Frankfort, Ky., July 26.—It is probable that Judge Cantrell will have the Powers trial held at Paris, in Bourbon county. At least this is the report, as the Scott county docket is said to be full to overflowing. It is a question whether Judge Cantrell has the right.

Famous Dueling Pistol.

JUDGE ADVOCATE.

Capt. Samuel C. Lemley Offered That Position in the Schley Court of Inquiry.

IT IS THOUGHT THAT HE WILL ACCEPT.

Adm. Dewey and Mr. Adms. Kimberly and Benham Selected as the Other Members of the Board.

Probable That Kimberly Will Decline on Account of Ill Health and Another Retired Admiral Will Be Chosen.

Washington, July 26.—Secretary Long announced Thursday morning that he had selected Adm. Dewey and Mr. Adms. Kimberly and Benham as members of the Schley court of inquiry.

Capt. Samuel C. Lemley, judge advocate general of the navy, was Thursday morning offered as the advocate of the court of inquiry.

While it can not be said that the matter is absolutely settled, Secretary Longman proposed to ask Capt. Lemley if he felt free to accept the assignment if it were offered to him, and it is believed that Capt. Lemley has not yet decided to accept.

Capt. Lemley would feel hurt to have it even intimated that he had any personal feeling whatever in the Schley court controversy. In all the time he has been at the head of the legal department of the navy, his services dating back to 1892, he never has been asked to ask Capt. Lemley if he felt free to accept the assignment if it were offered to him, and it is believed that Capt. Lemley has not yet decided to accept.

Count Meets September 12.

On the other hand, Capt. Lemley has known Sampson officially in the navy department when the admiral was at Washington on his annual tour, and they thus were brought into close contact in a business point of view for several years.

Capt. Lemley had arranged to depart from Washington on his annual leave on a trip through Canada, some time in August. Should he accept this new trust he will arrange to leave on an earlier date in order to return in season to study this celebrated case before the court meets September 12.

It is probable that Adm. Kimberly will decline to serve on account of ill-health.

Should he decline, the secretary will select one of the other retired admirals to take his place. Mr. Adms. Fiske, Ramsey, Joutel, Gherardi and Valler are some of the names that are being advanced for the position. The difficulty in a selection from the list of retired rear admirals is that most of these officers are far advanced in years, and as indicated in the case of Adm. Kimberly, are not in a state of health to warrant them in assuming the extremely onerous task of the court of inquiry, which is this likely to be.

WILL BE SENT HOME.

Nothing has ever been so successful in controlling this condition, relieving the patient of all his troubles, as Dr. A. W. Chase's Nerve Pills. Their action is so gentle and soothing, even, refreshing sleep follows, then nature has a chance to build up, and the patient is cured. I have tried with all my own sleeplessness and distress. An Open Letter.

We desire to say that our business since January 1st has passed the mark anticipated. We wish to be frank; therefore we are not attempting to talk to business men, but to the public in the form of a polished essay. The advantage of having merchandise different from your competitors is apparent, provided that the retailer is known to be reliable. Does not a good deal of advertising appear to you as though the advertisers were indulging too freely in fine words? Most of them seem to say something that means nothing. Names are invented for goods that have no bearing whatever to the materials; turned and twisted until they are no longer relevant, all of which is done to tone the product, because the product hasn't enough of it. Fine phrases make fine words, but fine words do not make fine goods. We are strong believers in advertising because it is a good thing, but advertising doesn't pay unless constructed on a proper basis, and that is to plainly tell people what you have to sell, and sell it as low as is consistent with legitimate business methods.

Our spring importation of Dress Goods, White Goods, Carpets, Mattings and Housekeeping Goods generally is complete. Come and hear prices, which will be found to be as cheap as the cheapest, quality considered. Respectfully,

GEORGE COX & SON,
82 years selling good goods.
